## How to WIN the Worldprofit

### Traffic Exchange 1,000,000+ Visitors Challenge

Hello and Welcome to the Traffic Exchange 1,000,000+ Visitors Challenge, my name is Austin Rose and have publicly challenged myself to get 1,000,000+ visitors to my favorite Affiliate Business website using all the **FREE Advertising** and business building tools provided in the back office of Worldprofit. In particular, all the **HUNDREDS of FREE Promo Codes** in combination with the Worldprofit URL tracking system. You see, the Worldprofit Traffic system has proven itself many times over by providing over **25 years** of outstanding service and quality traffic products that are guaranteed to drive quality traffic to **ANY** business website.

When checking out my new Worldprofit back office and all the cool tools available, there are just tons and tons of free stuff, way too much to list here (*you will have to go check it out yourself [here](#)*), there was an advertising banner titled: "1,000,000 Clicks"

**\*\*\* When you see this banner in your favorite traffic exchange, make sure to click it, as your click counts.**

Seeing this banner gave me the idea to make the same thing happen for myself, (*to generate over 1,000,000 clicks to my favorite business website*) but wanted to do it in a way where I had a goal. And thought you would also like to see for yourself and learn how a system like Worldprofit can do something some amazing. However, when looking at all the tools available, I noticed there was not a total count of clicks for all cloaked links. With that, I submitted a support ticket asking for a new feature to be added to assist with the 1,000,000+ Visitors challenge.

The next morning, I was pleasantly surprised when George Kosch, the CEO of Worldprofit, added the “**Total Clicks To All URL’s**” value to the Cloaked URL’s page. Thank you, George, this is very much appreciated. Here is a screen capture of the new counter showing Georges’ total: (951,015 as of May 29, 2020)

*\*\*\* To see his back office for yourself, watch the Worldprofit Weekly webinar from Friday, May 29, 2020, click [HERE](#). \*\*\*\* Make sure to watch closely, there are several Promo Codes exclusive to Silver members that have been exposed during this webinar...*

**To Date: May 30, 2020, 21:15 EST;** I have accumulated over **21,291+ Visitors in 36 Days** with only the **FREE Advertising** provided with the **229+ Promo Codes Exclusive** to Silver Members of Worldprofit.

  - Enter any valid Promo Codes for the site and set up the available advertising. i.e. mailer, banners, text, solo, login, fullpage, etc.

- i. **Pro Tip:** some of the Traffic Exchange sites are paid advertising sites. You should not have to pay to get them set up at this time. The initial account set up for most of these sites should be free to get your username to update the Worldprofit site. However, there might one or two that do require a payment to activate the new account, for those, it is ok to skip until you feel comfortable upgrading. For the others, you can always upgrade to a paid member at a later date.
  - Make note on a separate tab of the spreadsheet labeled “Campaigns” for all the advertising entered on all the various Traffic Exchange and Safelist sites.
    - i. **Pro Tip:** Each related site will have the same (or almost the same) ad set up form and you can copy and paste from the spreadsheet into the various related ad set up forms.
  - Start with the 18 sites for the **Traffic Injection order** with the Silver Membership, this will definitely get you started by seeing clicks coming through the cloaked link tracker.
    - i. **Pro Tip:** always use a tracked cloaked link for your advertising, this accomplishes 3 things;
      1. Security against affiliate theft,
      2. Precise tracking of the click
      3. Officially counting the click towards the 1,000,000+ Visitors Challenge.
    - ii. **Pro Tip:** use the ad tracking “Traffic Multiplier” feature available Exclusively at Worldprofit to boost your Autoresponder lists.
  - Once you have registered with all of the 18 Safelist and Traffic Exchange sites, make sure to activate the “Multi-Commissions” feature of Worldprofit. This way you will not miss any commissions generated from your referrals upgrading and/or purchasing additional advertising.
7. Continue registering and setting up advertising with the additional sites under the 20+ traffic streams,

- Once registered with a site, make sure to read the details of the site, sometimes there are hidden gems 😊
- 8.** Back at the Worldprofit site, on the **20+ Traffic Streams** page, fill in all the available spots for the related site's username;
- This will ensure you get **ALL** streams of income, over and above the 18 streams of income you created with the Traffic Injection steps listed above.
    - i. If one of your referrals registers with a site you did not, then you will miss that stream of income. In the event the member upgrades and/or purchases additional advertising.
- 9.** Perform daily activates like,
- Submit daily Solo Ads and mailers,
  - Register with additional traffic exchanges, enter Promo Codes and set up additional advertising campaigns.
  - Keep a log of what advertising campaigns are set up and which site the campaigns are running, on the "Campaigns" tab of your master ad copy spreadsheet.
- 10.** Repeat steps 6 to 9 until you have registered with **ALL** the Safelists and Traffic Exchanges listed on the "**Traffic Injection**", "**20+ Traffic Streams**" (*including the separate page of Traffic Exchanges*) and "**Promo Codes**" pages.

I have publicly accepted this challenge, will you?
